SUMMARY

Tech-savvy Virtual Assistant and Software Developer with experience supporting business operations through technical solutions, workflow coordination, administrative support, and software development. Skilled in C#/.NET, SQL Server, web development, technical troubleshooting, documentation, and remote collaboration tools. Experienced in managing projects, organizing digital workflows, and delivering reliable support in both academic and business environments. Strong background in communication, problem-solving, and adapting technical solutions to improve operational efficiency.

CORE SKILLS

Administrative Support • Workflow Coordination • Documentation & Reporting • Data Entry & Organization • Calendar & Task Management • Inventory & Records Management • C#/.NET Development • SQL Server & MySQL • Web Development • Technical Troubleshooting • System Development • Software Maintenance & Debugging • Client Communication • Technical Mentoring • Remote Collaboration • Research & Analysis • Problem-Solving • Team Coordination

PROFESSIONAL EXPERIENCE

Freelance Software Developer

Remote | 2022-Present

- Developed business-focused desktop and web applications to improve operational efficiency and digital workflows.
- Built and maintained systems using C#/.NET, SQL Server, HTML, CSS, JavaScript, PHP, and MySQL.
- Translated client requirements into practical software solutions while providing troubleshooting, debugging, and technical support.
- Improved workflow organization through system automation while independently managing development tasks, communication, and project deadlines.

College Instructor

Santa Maria, Bulacan | 2020-Present

Immaculate Conception I-College of Arts and Technology Inc.

- Delivered instruction in programming, system development, database management, and information systems concepts.
- Developed industry-aligned course materials, technical projects, assessments, and digital learning resources.
- Mentored students in building software solutions using C#, SQL Server, and modern development workflows while guiding them in system analysis and business process improvement.
- Managed academic coordination, documentation, schedules, and digital records while fostering collaborative and problem-solving learning environments.

- Managed inventory records, asset tracking systems, and documentation to maintain operational accuracy and organization.
- Prepared inventory and administrative reports to support monitoring and decision-making processes.
- Coordinated asset distribution, maintenance requests, and departmental record updates while ensuring data accuracy.
- Maintained organized documentation systems and supported workflow coordination across multiple departments in a fast-paced institutional environment.

ADDITIONAL EXPERIENCE

Technical Support Engineer (On-the-job Training)

Quezon City | 2018

WNS Global Services

- Completed hands-on technical training in hardware, software, and network troubleshooting.
- Diagnosed and resolved technical issues while assisting users with system-related concerns and support requests.
- Performed troubleshooting and maintenance procedures that improved system reliability and technical support efficiency.
- Developed foundational experience in technical problem-solving, customer support, and IT operations.

EDUCATION

Master of Science in Information Technology

Malolos, Bulacan | 2024-Present

La Consolacion University Philippines

Bachelor of Science in Information Systems

Santa Maria, Bulacan | 2015-2019

Immaculate Conception I-College of Arts and Technology Inc.

TECHNICAL SKILLS

- **Programming & Development:** C#, HTML5, CSS, JavaScript, PHP, Python (Basic)
- **Database Management:** SQL Server, MySQL, Database Design, Query Optimization
- **Development Tools:** Visual Studio, Visual Studio Code, SQL Server Management Studio, XAMPP, GitHub
- **Productivity & Collaboration:** Microsoft Office, Google Workspace, Documentation & Reporting, Remote Collaboration Tools
- **Multimedia & Creative Tools:** Canva, Wondershare Filmora, Acoustica Mixcraft

ADDITIONAL STRENGTHS

Technical & Administrative Support • Workflow Coordination & Organization • Software Development Life Cycle (SDLC) • Communication, Presentation & Technical Mentoring • Problem-Solving & Research Analysis • Remote Work Adaptability & Client Coordination
